muaré experience

The ultimate synergy between rock and aerial theatre Stage experimentation with the sky as a background. Original and sophisticated choreographic sequences in the air is our international brand with the use of harness systems and cranes that allow astonishing performances in the sky. Our aim is to generate intense emotions through images and powerful, original live music.

We have extensive professional experience and have been working on this artistic concept since 1998. Muare is based in Spain but have headquarters in the United Kingdom and Argentina. We also boast a multinational cast of aerial performers from 10 different countries. We have soared through the sky of 20 different countries and taken part in festivals and artistic events in the worlds most prestigious capitals of culture often performing to as many as 30,000 people.

Duchamp Pilot reached no.26 and no.8 in Argentina and Uruguay's Shazam charts with their single "Erratic Ri- gor Mortis"

Muare experience is an intense exchange between the musical and visual arts. It is a contrast of sensations and experience of dialogue between a rock concert, an aerial show and the space in which we perform. Psychedelic and convulsive rock Our team, with its vast knowledge in the production of large and unique events, surpasses itself in order to bring this unforgettable experience to the public
